Pennies for Patients

For a number of years, OCS has been involved in turning spare change into an effort to help achieve the mission of the Leukemia & Lymphomas Society - to cure leukemia, lymphoma, Hodgkin's disease and myeloma, and to improve the quality of life of patients and their families. This year we are trying to get the society another step closer to their mission, BUT, the first week started off a bit slow, with a total of \$586 raised. If you help your child by giving them some spare change or even a few of the foldable versions, they will benefit by knowing their efforts could help save a life.
